AN ORDINANCE GRANTING A ONE-TIME AND CONDITIONAL AMNESTY FOR ILLEGAL TRANSFERS OF TRIMOBILE FRANCHISE AND FRANCHISE OF SIMILAR PUBLIC UTILITY VEHICLES, IMPOSING PENALTIES ON ILLEGAL TRANSFER THEREAFTER AND ON OPERATION THEREOF WITHOUT VALID FRANCHISE, AND FOR OTHER PURPOSES:

EXPLANATORY NOTE

In view of the fact that the operation of public utilities are imbued with great public interest, it is axiomatic that the grant of franchise to operate a public transportation facility is made subject to the stringent requirements and under strict regulation by the government. In consonance therewith, the grant of franchise to operate public utilities is personal to the grantee thereof, thus, the franchise so granted is non-transferrable. Unfortunately, the fact that the grant of this privilege is also a means of income and livelihood to the grantees have given rise to the misconception that a franchise is a property which may be transferred by the franchisee. This misconception resulted in commodification of the franchise, a situation which is clearly inimical to public interest as government is deprived of the opportunity to evaluate the qualification of the transferee thereof.

The fact that transfers of franchise is declared as illegal has not, however, deterred the rampant commission of this prohibited act. These violations of the prohibition resulted in a number of trimobiles operating either without the necessary papers or the papers not being reflective of the true situation as to the named persons accountable therefor. The continuation of this situation is clearly inimical to public interest and gravely prejudicial to the riding public.

To merely prevent the operation of trimobiles which could not be registered because the franchise to operate them have been illegally transferred would, however, create grave economic prejudice to those who may have bought them under the wrong impression that the transaction is not a prohibited transaction. This, in view of the seeming administrative confusion in the implementation of Ordinance No. 2007-024. Though the said confusion has already been clarified and corrected under Ordinance No. 2013-030, there remains a great need to respond to the situation where such transfers was made under the above cited situation in order to protect the riding public.

In the same breath, the need for stricter measures to prevent the continuation or recurrence of the situation herein sought to be corrected is likewise urgently called for.

The passage of this Ordinance seeks to arrest the problems as above identified.
